Symposium 1-2.
(Management and Business Administration Doctoral School)

Symposium 1.

Should be done during the second semester of the study program. The symposium itself is organised by each specialization where all the PhD-students and faculty connected to the specialization are participating.

At least one week before the symposium each PhD-student must submit a 20-page literature review on his or her topic to the secretariat of the specialization. This literature review must be approved by the supervisor beforehand. During the symposium the literature review must be presented (15 minutes presentation) and discussed.

Maximum 10 credits could be eligible.

Symposium 2.

Should be done during the fourth semester of the study program. The symposium itself is organised by each specialization where all the PhD-students and faculty connected to the specialization are participating.

At least one week before the symposium each PhD-student must submit a min. 20-page max. 30-page manuscript to the secretariat of the specialization. This manuscript must be approved by the supervisor beforehand. During the symposium the manuscript must be presented (15 minutes presentation) and discussed.

The manuscript should contain:

- the structure of the planned dissertation,
- the research methods,
- the hypotheses.

Maximum 10 credits could be eligible.
(should be submitted to the Program Director of the Doctoral School)
