CALL FOR PAPERS

1st International PhD Conference of the International Relations Multidisciplinary Doctoral School

Dear Colleagues,

Dear PhD students,

Thanks to the support of the Pallas Athene Domus Educationis Foundation and the Pallas Athene Innovation and Geopolitical Foundation, the International Relations Multidisciplinary Doctoral School of Corvinus University of Budapest is organising an international conference with ca. 100 participants on 31 May 2019.

The conference will focus on various topics related to geopolitics, international relations and world economy. The language of the conference is English.

The venue of the event will be Bölcs Vár (House of Wisdom), 1014 Budapest, Úri u. 21.

The mission of the conference is to connect the PhD students, tutors and professors from many different Doctoral Schools in Hungary, in order to share their knowledge and scientific experiences. Our further aim is to establish the tradition of a close cooperation between all these students and colleagues.

We would like to encourage everyone to take part in the conference with a presentation. Papers on any of the above-mentioned main topics are welcome.

The conference is free of charge, but we kindly ask you to register by clicking here. The registration deadline for presenters is parallel with the abstract submission. Other participants should register until 17th May 2019.

We would like to draw your attention that the reimbursement of travel costs is possible but only in the case of students who study in Hungary.

Important dates and deadlines:

Until 29 March 2019 (Friday), presenters should submit a shorter abstract (about 500-1000 characters) which will be evaluated by the Scientific Committee of the conference. We will inform you about the recommended changes and the acceptance/refusal in a short time. The final agenda and the session allocation will be developed based on the accepted abstracts.

Please send your abstracts to Ms. Zsófia Nemes in email to one of the following addresses: nemeszsofi9600@gmail.com or zsofia.nemes@stud.uni-corvinus.hu.

We also offer a publication opportunity for those who are interested in submitting an extended abstract (min. 6000, max. 10000 characters) until 17 May 2019 (Friday). We will publish the extended abstracts in the Conference Proceedings in an electronic form. This could provide the PhD students a great possibility for getting publication credits.
The organizers of the conference will send you a guide containing the formal requirements of the extended abstracts soon.
