

We use cookies to ensure the appropriate functioning and development of the website, as well as to monitor activities on our website, to collect statistics and to improve user experience.

## 1. What are cookies?

Cookies are small-size data packages that are saved on your browser or device while you visit the website. Cookies are designed to recognise visitors to the website during the next visit and thereby ensure security and convenience functions as well as to enhance user experience while browsing on the website.

Cookies can be classified according to their function, the user and the storage period. While some cookies are generated by the website operator (internal cookies), some are created by third parties (external cookies).

As regards their function, the cookies used on the website of CORVINUS include strictly necessary, statistical and convenience cookies.

As for the period of storage, a distinction can be made between session cookies that get deleted when the user closes the browser and persistent cookies that are stored on the user's browser until they expire or are deleted.

## 2. Cookies used on our website

## 3. Checking cookie settings, blocking cookies

Some web browsers enable cookies by default and automatically. You can modify the settings of your browser to enable or disable cookies. The way to do so might vary on different browsers. For further details, please consult the „Help” menu of your browser. Should you decide to reject our cookies, certain functions on our website will not be accessible. For example, news, events, profile page, document library page cannot remember settings, so they have to be reset each time you browse.

## 4. Requesting information

In case you have queries or comments with regard to the cookie policy, kindly write to the following address: [helpdesk@uni-corvinus.hu](mailto:helpdesk@uni-corvinus.hu)
