

Connecting to Eduroam on iOS (iPhone, iPad)

Open „Settings” and tap on „Wi-Fi” option.
From the appearing Wi-Fi networks list choose eduroam.

A window appears asking for your username and password. For the username enter **CusmanID@uni-corvinus.hu** and **Cusman password** for the password then tap on „Join”.

After this you will see a certificate, accept it by tapping on „Trust” at the top right corner of the window. You have successfully connected to Eduroam with this.
