

STUDYING ABROAD

THE OPPORTUNITY OF A LIFE-TIME

WHAT DOES STUDYING ABROAD MEAN ? WHAT'S IN IT FOR YOU?

Spending a semester or (in some cases, a year) abroad gives you the opportunity to

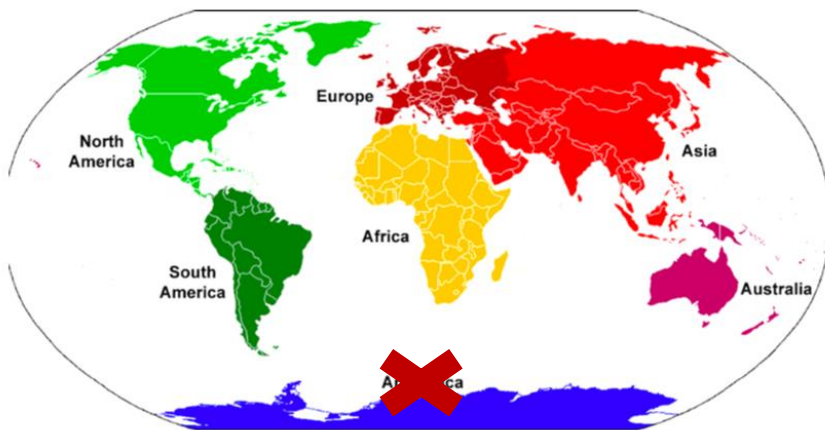

- get to know a new country, a new culture
- experience what education is like at another university
- step out of your „comfort zone” and learn what it is like to be fully responsible for everything in your life
- build an international network of friends (for future personal and for career purposes)
- gain important experience that you will benefit from in your future career.

And all this at a point in your life when you are still free of any major obligations and responsibilities.

WHAT DESTINATIONS CAN YOU CHOOSE FROM?

Any continent except the Antarctica

WHAT YOU SHOULD CONSIDER WHEN CHOOSING YOUR DESTINATION? I.

- There will be many, many applications to the most popular destinations, at the same time, we have fix quotas with each institution on the number of students we can send.

Germany, France, Great Britain, The Netherlands, Italy

- This does not mean that you cannot apply to these countries, but do take into consideration other destinations, as well.
- Be sure to check the language of instruction (a. language and b. language) at the institutions you choose and check for possible stricter language proficiency requirements.
- Be sure to check what academic field the given institution offers courses in as this is important.

WHAT YOU SHOULD CONSIDER WHEN CHOOSING YOUR DESTINATION? II.

- The furthest destination may not necessarily be the best option for you
- Staying near to Hungary can prove to be just as exciting as travelling to the other side of the globe
- Don't look only towards the West, remember, an experience in one of Corvinus's neighboring, Asian, Far-Eastern or South American partner universities may be even more exciting and useful in the long-run (in some places less money gets you further...)
- The number of places per university per semester is given, choosing only from the popular destinations may not be effective...

WHAT YOU SHOULD CONSIDER WHEN CHOOSING YOUR DESTINATION? III.

- **Medium of instruction** – will the courses really be held in English, German, Spanish, etc., i.e. the language you are proficient in (some universities may offer courses in 2 different languages – be sure to check that they offer the courses you need in the language you are proficient in)
- **What subjects will you be able to choose from?** Remember: not all subjects may be available for visiting students.
- **Will you be able to take subjects you can have accredited to your degree program** at Corvinus as core (K) or core elective (KV) ones?
- **Will you be able to cover the accommodation and daily subsistence costs?** Erasmus vs. Bilateral exchange, special needs, social disadvantage

CHOOSING THE SEMESTER FOR YOUR STUDY ABROAD

If you wish to be certain that you will be able to finish your degree program on time:

- Unless your program has a „built-in” study abroad semester window, recommended:
 - Bachelor students: 3rd, 4th or 5th semester
 - Master students: 2nd or 3rd semester

If you're more interested in gaining international experience than in finishing on time:

- Bachelor students: any semester from the 3rd semester onwards
- Master students: any semester from your 2nd semester onwards

HOW MUCH TIME CAN I SPEND ABROAD WITH ERASMUS+?

- Maximum 12 months per study level (study and Erasmus+ internship overall)
- Minimum number of months to be spent abroad:
 - On a semester basis: min. 3 months
 - On a trimester basis: min. 2 months

HOW MUCH TIME CAN I SPEND ABROAD WITH BILATERAL EXCHANGE?

As much time as you wish, provided

- you keep within the maximum number of semesters available to finish your degree program & you complete at least 2/3rds of the credits at Corvinus
- you meet all other requirements as set out in the Study and Exam Regulations

ERASMUS+ HOW MUCH SUPPORT WILL I GET?

- The monthly scholarship ranges between 470 – 520 EUR /month
- Exact amount depends on the destination country and the exact number of days spent abroad

ADDITIONAL SUPPORT

- Erasmus+ - social need: + 250 EUR / month
- Erasmus+ - special needs: + ? EUR / month (to be determined by a medical committee based on the possible extra expenses arising from your illness)

IMPORTANT:

- The scholarship amount will not cover all your costs, you will have to supplement the grant from your own pocket!

BILATERAL EXCHANGE - HOW MUCH SUPPORT WILL I GET?

- **Campus Mundi ? – Will end in June 2022**
- **Will it continue in some form or another?**
Probably yes, but we, too, are waiting for information from TEMPUS Public Foundation.
- **What will the requirements be?**
This will depend on TEMPUS Public Foundation – you have to wait for the information.
- **BUT! Corvinus study abroad scholarship**
