

**Martin K. Starr Excellence in Production and Operations Management  
Practice Award**

Recognizing excellence in production and operations management practice  
POMS 2022 — Thirty-Second Annual Conference, Orlando, FL, USA, April 21 - 25, 2022

The Production and Operations Management Society (*POMS*) has instituted the Martin K. Starr Excellence in Production and Operations Management Practice Award to recognize contributions made to the field of Production and Operations Management (POM) by POM practitioners. **It is an international award that is open to all POM practitioners from around the world.** The recipients, who are among the most esteemed members of the POM field, are listed on the POMS website at [https://www.poms.org/awards/starr\\_award/](https://www.poms.org/awards/starr_award/).

We are now seeking nominations for the eighteenth award which will be presented during the POMS Thirty-Second Annual Conference, April 21-25, 2022.

The award is for an **"individual"** and not for an "organization". The award is **open to professionals** at all levels working in the Operations Management area **in service and/or manufacturing industries; as well as in agricultural, sports, healthcare, not-for-profit humanitarian, and government organizations.**

The award is based on exceptional quality of contribution to the POM field. These contributions are not restricted to a single organization and may span time spent at several organizations during the career of the candidate. The cumulative contributions made by the candidate during his/her career will be the basis of the evaluation by the committee.

In addition to receiving **an attractive plaque, the award recipient will be prominently featured in the *POMS Chronicle* and on *POMS Web Pages*.** The award ceremony includes a full description of the contributions of the award winner who is expected to attend the award ceremony and is encouraged to address the audience briefly.

Please send your nominations to the committee chair, Dr. Martin K. Starr ([martin.starr@gmail.com](mailto:martin.starr@gmail.com)) with a copy to Professor Sushil Gupta, the Executive Director of POMS ([poms@fiu.edu](mailto:poms@fiu.edu)). Each nomination should include a resume of the candidate and a narrative, not to exceed three pages, of the contributions to POM during the career of the candidate. Accompanying letters of support are welcome. Visit *POMS* website [www.poms.org](http://www.poms.org) to get more information about this award and the POMS Thirty-Second Annual Conference in April, 2022.
