Type of the exam	Oral
Name of the exam	Entrance interview
Duration of the exam	15 min
Method of the exam	Online

Health Policy, Planning and Financing MSc admission exam requirements 2023A central admission procedure

Short description of the exam	<p>The entrance interview takes 15 minutes. During the interview questions are asked to assess the applicants motivation, language skills and professional skills in health policy and health economics. The interview consists of three parts:</p> <p>(i) Introduction. A brief summary of the applicant's studies and professional career so far.</p> <p>(ii) The applicant will answer briefly one or two questions asked by the committee that are closely related to the recommended reading material.</p> <p>(iii) This is followed by informal questions to assess applicants' basic command of base subjects and disciplines of the programme (such as economic and statistical foundations of health policy) and their verbal competences, as well as to learn about their motivation for joining a program. Interviews are evaluated, among others, on the basis of how successful applicants are in communicating their ideas, what career plans they have in mind or how they think they can benefit from the Master's program in order to meet their future goals.</p>
