Name(s) of graduate program(s)	Finance Master
Type of the exam	Oral
Name of the exam	Finance
Duration of the exam	15-20 minutes
Method of the exam	Online
Short description of the exam	The applicant receives two-three questions concerning the topics of the written exam. They have to explain phenomena and unfold possible theories behind them. The selection committee will then ask further questions based on the answers. These questions can cover the designated corporate finance topics or the related methodology and practice. In the second part of the discussion, questions assessing the motivations follow. What successes has the candidate achieved so far (for instance, a bachelor thesis, internship, part-time study abroad, scientific student competitions, etc.)? Why is it relevant for the applicant to get a degree in finance? What financial issues is the candidate interested in, personally or regarding the future business carrier?
