”

I have issued a separate order to determine the costs of the present proceedings to be borne by the Higher Education Institution.

### GROUNDS FOR THE DECISION

The Higher Education Institution submitted a request for authorising the launch of programmes and for their registration, which is subject to a separate decision. In view of this, I have amended the operating authorisation of the Higher Education Institution.

Legislation on which the decision is based: subparagraphs a), c) and d) of paragraph 2 of Part I

of Annex 2 of Act CCIV of 2011 on National Higher Education.

In view of the fact that under Section 41(1) of Act CL of 2016 on General Public Administration Procedures (hereinafter: *Ákr.*) and based on the available information the facts of the case were not clear, the conditions for a summary proceeding were not met, therefore the request was considered under Section 41(2) of *Ákr.* as an application for full hearing, of which the client was notified in accordance with Section 43(2) of *Ákr.*

I have granted the application of the Higher Education Institution as the client in its entirety, and there are no opposing clients in the case, therefore I have omitted the information on the legal remedy in the operative part in accordance with Section 81 (2) of Act CL of 2016 on the General Public Administration Procedures, and I have only indicated the legal provisions on which the decision is based in the grounds for the decision.
