I have issued a separate order to determine the administrative costs of the present proceedings to be borne by the Higher Education Institution.

### GROUND OF THE DECISION

The Higher Education Institution has filed a request to have data on the programmes offered by it deleted from the register, which is subject to a separate decision. In view of this, I have amended the operating authorisation of the Higher Education Institution.

Legislation on which the decision is based: subparagraphs a), c) and d) of paragraph 2 of Part I of Annex 2 of Act CCIV of 2011 on National Higher Education.

In view of the fact that under Section 41(1) of Act CL of 2016 on General Public Administration Procedures (hereinafter: Ákr.) and based on the available information the facts of the case were not clear, the conditions for a summary proceeding were not met, therefore the request was considered under Section 41(2) of the Ákr. as an application for full hearing, of which the client was notified in accordance with Section 43(2) of the Ákr.

I have granted the application of the Higher Education Institution as the client in its entirety, and there are no opposing clients in the case, therefore I have omitted the information on the legal remedy in the operative part in accordance with Section 81 (2) of Act CL of 2016 on the General Administrative Procedure, and I have only indicated the legal provisions on which the decision is based in the grounds for the decision.
