Research, professional activity

Major taught courses or fields of education:

Intelligent Systems, Data Analysis 1

Field of science and discipline:

mathematics and computer sciences

Current fields of research:

Mixed Logit Models, Panel data models

Previous fields of research:

Linear Mixed Models, Robust Methods

Major research projects

- 2019 - 2020, Gazdálkodástudományi Kar, Informatikai Intézet (project number: P-02/2019)
  Form of participation: member of the research team
  Moneylender: Dr. Péter Fehér
  Further info about research: Statistical support

- 2019 - 2020, Exploring the determinants of strategic choice over openness: the application of mixed logit models in panel data.
  Form of participation: leader of the research team
  Moneylender: Perez Garrido Betsabe, Sebrek Szabolcs Szilard
  Further info about research: Corvinus Institute for Advanced Studies (CIAS)Position: CIAS Junior Faculty Research Fellow

- 2019 - 2020, Digitization-driven innovations in tourism
  Form of participation: member of the research team
