Previous fields of research:

Consumption Economics, critical analysis of the socialist economy, economic issues of transition, economics of culture

Major research projects

- 2004 - 2008, Individual, social and institutional conditions of competitiveness
  Form of participation: leader of the research team
  Moneylender:
  Further info about research: Consortial research, with the participation of the Institute of Psychology of the Hungarian Academy of Sciences, the ELTE Institute of Psychology and the Department of Comparative Economics of BCE. The topic of this latter department was set up by a research group on

- 2017 - ,
  Form of participation: member of the research team
  Moneylender: Ministry of Human Capacities
  Further info about research: Corvinus LAB: As a new tool for knowledge creation, it focuses on networks that end up with social innovation. Subject areas: ICT Livinglab and Innovation Lab, Talk Lab, Design Communication LAB, Behavioral Economics LAB, Socio LAB. The investigated networks are a powerful player in all three sectors, but the role of the civil sector is the most significant.Research tasks and goals• Organization of network-related research, publication of results and presentation at scientific events.• Creating an attractive educational environment and training for researchers and students, providing researchers with new resources.• Identification and promotion of local (regional) relations, higher education and industrial competencies and needs, demand and supply.• Motivating and enforcing local innovation processes by supporting the management of local companies and of the public sector in case of demand or problem detection, mediation role, analysis, etc.• Developing entrepreneurial skills and attitudes in education, training, mentoring, etc. through. Target groupThe direct target groups of the project are instructors and researchers of the Corvinus University of Budapest in Székesfehérvár, with special regard to young researchers and instructors, as well as students of the university, mainly doctoral students and doctoral candidates. We also involve researchers from the business sector, the non-profit sector and the civil sector.
