

One day in Etyek

04.10.2025.

ITINERARY

The day starts with a special, private guided visit to the famous **Korda Film Park**, where you can get an insight into the behind-the-scenes of filmmaking, which is followed by an **oscar award inspired chocolate making workshop**. Afterward an intimate walk through the **old wine region** of Etyek, where you can learn about the history and wine-making traditions of the area.

Lunch will be a picnic-style experience among the vines at **Sonkamester**, offering a natural and authentic setting.

In the afternoon, we will visit a local **artisan cheese maker, Sajtműhely**, to gain insight into the cheese-making process – and of course, enjoy a tasting.

This will be followed by a special wine tasting of selected batches from the **Haraszthy Winery in Etyek**.

The day will conclude with a gourmet dinner, featuring carefully selected wine pairings.
