

Corvinus Career & Business Festival

7-8 October 2025

Corvinus Career & Business Festival

What is CCBF?

Corvinus Career & Business Festival represents a **modern evolution** of one of our most **enduring institutional traditions**. Our primary objective from beginning was to construct a **distinctive conduit between students and corporations**, fostering an environment of **open and uninhibited interaction**. As the world has advanced, so too have the ways of connection and communication.

In order to sustain the vitality of this tradition, we have delved into the deeper **understanding of the requirements** of both our **corporate partners and student body**.

This fall, we are poised to return with an event **strategically designed to encompass the entire career journey**. The exhibition is seamlessly integrated, aiming to provide the **most beneficial employer branding and recruitment experience conceivable**.
