How long is my student ID and validation sticker valid?

The university ID card is valid for 9 years at the maximum, until the 31st March of the 9th year, after the date of issuance. This is the last year when they can be validated with a sticker. (You can check the date of expiry of your student ID card in neptun under the data of your student ID card (neptun> Personal information> General data> Student card (cards)), or it can also be seen at the back side of your student ID card.)

Your student ID card validated with a sticker can be used until 31st March (in case of a sticker for the autumn semester)

Please note that in the case of a lost or stolen ID, you will need to apply for a new student ID. If your ID is damaged (broken, missing a piece, etc.), you must submit it at the Student Services Area. You can find more details [here](#).
