CALL FOR NOMINATIONS

For the 2025/2026 Academic Year

Pro Universitate Award

The Budapest Corvinus University aims to recognize students who have demonstrated outstanding academic performance over several years and who have enriched the University's achievements through their activities and/or results beyond their academic studies—such as exceptional scientific work, community-building activities recognized by fellow students, or success in academic competitions—thus contributing to the University's reputation, visibility, and recognition.

With this call, we ask the university community to nominate candidates for the Pro Universitate Award (hereinafter: the award) for the 2025/2026 academic year (candidates who graduated and successfully passed their final exams in either the Fall 2025 or Spring 2026 semester).

- a) Participated in an undergraduate, integrated master's, or split master's program,
- b) Complete their studies (graduated) in the Fall or Spring semester of the 2025/2026 academic year, and
- c) Successfully pass their final exams in the semester of graduation.

Criteria for Awarding the Prize:

- a) The student's scientific activity,
- b) Exceptional community and/or social activities (excluding sports achievements), contributing to the University's positive reputation,
- c) The student's academic performance (requirement: a weighted academic average of at least 4.5 credits for each semester of study at the University),
- d) The student will receive extra points if both their undergraduate and master's programs were completed at the University.
