Gergely Tétényi (Gergő)

Regional Manager, Unicredit Bank Zrt.

Get to know me

I'm a Regional Director at Unicredit Bank Hungary. My background is in Hungarian corporate banking - SME, corporate lending and structured financing (M&A transactions, real estate projects etc.) - so I know both sides of financing decisions from client conversation to risk assessment. Today, my focus is on regional business development: identifying segments worth pursuing. I'm also completing an MBA in the Corvinus-MSM programme.

In 3 words, I'm: Energetic, structured, curious

Giving my student self one piece of advice: Don't wait until you feel ready

Outside of work, I'm passionate about: Sports (swimming, rock climbing, running)

How I can support you

- Career planning, CV and LinkedIn
- Industry insights, Knowledge and skill-building
- Looking beyond individual disciplines, understand the links between business, risk, regulation, technology, and people
- Sharing the international experience I have gained during my career
- Helping my mentee develop a broader perspective and think critically about complex problems

Nora Sljukic

Head of Compliance, Unicredit Bank Zrt.

Get to know me

Chief Compliance Officer and MLRO at UniCredit Bank Hungary, where I lead compliance activities and advise senior management on regulatory, risk, and governance matters. I am also an extended Management Board member and a permanent invitee to the Board of Directors and Supervisory Board. I have built my career across banking, risk management, regulatory supervision, and compliance. Before joining UniCredit, I held leadership roles at the Central Bank of Hungary, including Head of Financial Groups and Enterprises Supervision and Supervisory Advisor at the MNB FinTech Lab. Earlier in my career, I focused on enterprise risk management, ICAAP, credit risk, and regional regulatory projects.

In 3 words, I'm: Empathetic, strategic, executive

Giving my student self advice: Trust your potential, drop the stress, just put in the work, stay humble, and focus on what you're genuinely good at and passionate about.

Outside of work, I'm passionate about: Running, travel

Barnabás Bacher

Head of Credit Risk Methodologies & Integrated Risk, Unicredit Bank Zrt.

Get to know me

I started my career at UniCredit in 2018 as an intern in a rotational program. During this period, I gained experience in credit risk modelling and validation, and after approximately six months, I joined the bank in a full-time position. Over the following years, I progressed through various roles within the area and, in 2023, took on the responsibility of leading the validation team. In July 2025, I moved into my current role as Head of Credit Risk Methods and Integrated Risk Management. In this position, I am responsible for Integrated Risk, Real Estate Valuation, and Credit Risk Modelling.

In 3 words, I'm: Analytical, pragmatic, supportive

Giving my student self one piece of advice: Be curious, say yes to opportunities. Growth often comes from stepping into situations that are new, challenging, or outside your original plan.

Outside of work, I'm passionate about: Traveling and experiencing new cultures

Brigitta Balla (Brigi)

Head of Real Estate, Procurement and TPM,
Unicredit Bank Zrt.

Get to know me

I have studied in the field of economics from as early as high school. I graduated as a Financial and Economic Engineer in Gyöngyös, and later earned an MBA degree in Economics from the University of Pannonia. I have more than 25 years of professional experience in the banking sector, including over two decades in managerial positions. I began my career in 1999 within the Erste Group, primarily working in debt management. Between 2007 and 2016, I served as Head of Debt and Portfolio Management within the Raiffeisen Group. In 2016, I joined UniCredit Bank as Head of Infrastructure. In February 2018, I was appointed Managing Director of Real Estate, Procurement, and TPM.

In 3 words, I'm: Well-organized, open-minded, like to try new things

Giving my student self advice: Always be open and see the good things in everything!

Ana Radosevic

Head of General Procurement, Wizz Air

Get to know me

I am the Head of General Procurement and have built my career around driving business value through strategic procurement, transformation, and leadership. Over the years, I have worked in international and multicultural environments, leading teams, managing complex stakeholder relationships, and delivering sustainable cost and value improvement initiatives. I enjoy helping people grow and reach their potential. As a mentor, I would be happy to support mentees in several topics. I am particularly passionate about helping aspiring leaders build confidence, develop a strong professional presence, and make thoughtful career decisions aligned with their personal strengths and ambitions.

In 3 words, I'm: Passionate, curious, proactive

Giving my student self advice: Trust yourself more and worry less about having everything figured out. Careers are rarely linear, and some of the best opportunities come from unexpected turns.

Outside of work, I'm passionate about: Sports, animals and travel

Nóra Péter

Head of HR, Wizz Air

Get to know me

I lead HR Operations and Strategic HR Transformation initiatives across a multinational workforce of more than 10,000 employees operating in over 20 countries. My professional background spans talent acquisition and development, organization and learning development, HR operations, employee experience, organizational change management, digital transformation, and the implementation of HR technologies and AI-driven solutions. I am particularly passionate about helping students and early-career professionals develop practical business skills, navigate career decisions with confidence, and bridge the gap between academic knowledge and workplace realities.

In 3 words, I'm: Curious, growth-oriented, resilient

Giving my student self advice: Be curious and say yes to challenges, even when you don't feel completely ready. Growth happens outside your comfort zone, and confidence is often built through experience rather than before it.

Outside of work, I'm passionate about: Learning, coaching, supporting local designers who are happen to be my friends as well, being out in the nature (trail running), reading, traveling

Amir Jasarpahic

Head of Ground Operations, Wizz Air

Get to know me

I am currently the Head of Ground Operations at Wizz Air, responsible for overseeing ground operations across a network of approximately 90 airports, with a focus on safety, operational performance, compliance, service quality, and cost efficiency. My career in aviation spans more than 10 years, during which I progressed from a frontline Cabin Crew role to leadership positions in both Cabin and Ground Operations. Throughout my journey, I have led regional teams, managed large-scale operational projects, driven process improvements, and collaborated across multiple functions to deliver business results. As a mentor, I am passionate about supporting individuals who want to accelerate their professional growth, develop leadership skills, and navigate career transitions. Having experienced the above through career progression myself, I enjoy helping others identify opportunities and reach their full potential.

In 3 words, I'm: Driven, supportive, resilient

Giving my student self advice: Nothing is as hard as it first seems, it's often just unfamiliar. The more you expose yourself to new experiences, the more capable and confident you become.

Outside of work, I'm passionate about: Travelling, nature, and exploration

Dorottya Nagy (Dorka)

Financial Services Risk Management Senior Consultant, EY

Get to know me

Throughout my career, I have been involved in a wide range of risk-related projects within the financial sector, working closely with some of the largest financial institutions in Hungary as well as internationally. This exposure has given me insight into complex business environments, collaboration across diverse teams, and the challenges faced by leading organizations in a rapidly evolving industry. What I enjoy most about my work is combining analytical thinking with practical problem-solving while collaborating with different stakeholders and teams. Over the years, I have developed strong communication, project management, and client-facing skills alongside my professional expertise.

In 3 words, I'm: Curious, collaborative, driven

Giving my student self advice: Stay curious, step outside your comfort zone, and take the time to understand other people's perspectives. Growth often comes from the connections you build and the lessons you learn from those around you.

Outside of work, I'm passionate about: Travel, tennis, spending time with my family and friends

Fanni Fónagy

Senior Actuary, EY

Get to know me

I am a qualified actuary, having graduated from Corvinus University of Budapest in 2016, and I have spent the majority of my professional career at EY. Over the past 11 years, including a period when I was on parental leave with my children, I have built extensive experience across both actuarial and broader financial advisory projects. What makes my career path somewhat unique is that I have mainly worked from the audit and consulting side rather than within a single insurance company. This has given me the opportunity to gain insight into a wide variety of insurers, their business models, operations, reporting processes, and strategic challenges. In addition to insurance-related work, I have also been involved in a range of financial advisory engagements, which allowed me to develop a broader perspective on the financial services industry.

In 3 words, I'm: Analytical, persistent, collaborative

Giving my student self advice: Find a career that you genuinely enjoy, because it makes everyday life so much easier and more fulfilling.

Outside of work, I'm passionate about: Family, playing board games, hiking, and gardening

György Gáldi (György)

Managing Director responsible for Corporate Risk Management, OTP Bank Nyrt.

Get to know me

I am both an economist and a transportation engineer, having earned my degrees on both sides of the Danube, a reflection of my long-standing curiosity for understanding how systems, economies, and people work together. Alongside my professional career, I have always enjoyed sharing knowledge. For many years, whenever my responsibilities allowed, I taught at Corvinus University of Budapest and the Budapest University of Technology and Economics. Looking back, one of my greatest sources of pride is seeing former students, some of whom completed their theses under my supervision, become respected professionals and leaders within the Hungarian banking sector. My career has given me the opportunity to look at complex challenges from many different angles. Beyond academia, I gained firsthand experience in public administration and diplomacy, and worked in SWAT teams, task forces, and multidisciplinary projects involving Hungarian and international lawyers, engineers, auditors, and experts from a wide range of professions. Those experiences taught me how to navigate differing interests, build consensus, and find practical solutions in demanding environments. Banking, however, has become the true centre of my professional life, particularly corporate banking, where financial expertise can directly contribute to economic growth and business development. Over more than three decades in the financial sector, serving first in operational and later in strategic leadership positions, I have spent part of my career on the business side and part in risk management. While many view these as separate disciplines, I have always seen them as two sides of the same coin. My personal philosophy is what I call C + C: Consult and Control. In practice, this means being a business-oriented partner who seeks mutually beneficial, value-creating opportunities while maintaining the discipline to identify, assess, understand, and manage risk responsibly. I have applied this approach both at subsidiary and group level within international banking organisations. I also spent more than 3,000 days working abroad, where I had the privilege of operating in different business, regulatory, and cultural environments. Those years reinforced the importance of adaptability, open-mindedness, and genuine partnership. As a father of children who have recently gone through, or are about to go through, the transition from education into professional life, I also maintain a close connection to younger generations. This perspective reminds me how challenging it can be to balance the decisions of everyday life with the pursuit of longer-term ambitions and personal goals. Professionally, I remain deeply interested in finance, risk, leadership, and economic development. Personally, I am convinced that continuous learning, curiosity, and meaningful human relationships matter just as much as professional achievement.

Further professional and personal insights can be found on my LinkedIn and Facebook

In 3 words, I'm: Open-minded in both professional and personal life

Giving my student self advice: Always be willing to question, but never stop critically evaluating the answers.

Outside of work, I'm passionate about: Reading, exploring cultural events, hiking, jogging, and skiing

Attila Kovács

Managing director of Treasury & Markets Analytics and Operation, OTP Bank Nyrt.

Get to know me

I have been working at OTP Bank for 23 years. From the very beginning, my primary responsibility was managing the liquidity and liquid asset portfolio of OTP Bank and, later, the OTP Group. This year, my role has changed significantly. I am now a Managing Director responsible for various Treasury-related development initiatives, modelling activities, and the related back-office operations. My career path has provided me with extensive expertise that enables me to support mentees with valuable insights into Treasury activities and the banking industry as a whole. I am open to helping mentees in several areas, including career planning, developing skills in risk management and Treasury management, or simply providing an overview of the daily operations of an international banking group.

Dr. Katalin Erdélyi (Kata)

Head of Group Downstream Business Compliance, MOL
Nyrt.

Get to know me

I come from the Land of Lawyers, born and raised in Hungarian and US universities. I have wandered to the Country of Consultants and stayed a long 6 years with my Big4 Family before wandering again to my current Home Base in the Oil&Gas industry. Throughout these steps I have learned to listen, adapt, synthesize, be brave and stay compassionate and passionate. Some storms made me humble, some made me fight harder. I believe that what makes me good at sailing open waters and lets me have fun surfing untamed waves (in real life, not just as poetry :)) is that I rely on my skills, have a growth mindset, aim to work with powers beyond my control and not against them. My offered support is aligned with the above: I can challenge perspectives, offer experience of success, failure, struggle and fun in my career. I can show you how skills matter more than titles and how focus and leaving some to chance can form the way to where you wanna go. I can also reflect on how one can know if a certain job, working environment is fit or not, when to keep trying and when to stop.

In 3 words, I'm: Strategic, Honest, Empowering

Giving my student self advice: Don't compare yourself to others

Adrián Antal (Adrián)

Branch manager, OTP Bank Nyrt.

Get to know me

I began my career at OTP Bank 16 years ago. I currently manage the 1st District branch, where, in addition to day-to-day management, my responsibilities include developing and motivating my advisers and boosting their sales performance. Our three main areas are: mortgage lending, retail banking and corporate banking. Managerial expertise and experience are essential for providing professional support to my colleagues, which is why gaining a thorough understanding of these business areas and seeking opportunities for continuous development are an integral part of my daily work. My mentees are likely still at the very start of their careers, so I believe it is important to help them set out on this path and lay the necessary foundations with them to achieve a long-term, successful career.

Dr. Judit Bánhegyi

Branch manager, OTP Bank Nyrt.

Get to know me

I have been working in the banking sector since 2000 and have held leadership positions since 2004. Throughout my career, I have gained experience at two major banks. I have developed extensive management expertise, primarily within branch network operations. I have experienced numerous organizational and operational changes and have successfully supported their implementation and communication within my own teams. As a leader, I consider my greatest achievement to be the fact that I have consistently built and led high-performing, engaged, and successful teams. I place special emphasis on supporting, mentoring, and developing younger colleagues, as I am convinced that this is essential both for their successful integration into the organization and for the effective performance of a high-achieving team.

In 3 words, I'm: Experienced, supportive, results-driven

Giving my student self advice: I would tell my younger self to trust the process, be patient, and never stop learning. Every challenge and change is an opportunity to grow, both professionally and personally.

Outside of work, I'm passionate about: Outside of work, I am passionate about supporting and developing people. I enjoy mentoring younger colleagues, sharing my experience, and helping others grow both personally and professionally.

Dávid Nagy

Branch manager, OTP Bank Nyrt.

Get to know me

I have 26 years' experience at OTP Bank, of which I spent more than 20 years in managerial positions. I have extensive experience in managing branch networks, developing related strategies, building successful branch teams and maintaining staff motivation. I have received numerous awards, the two most significant of which are the OTP Bank Award and the OTP Group Award. The branches I have managed (across all sizes and categories) have achieved outstanding success. I place particular emphasis on building relationships outside the branch (with local authorities and key corporate and retail clients), and I also devote a great deal of time to financial education as part of our corporate social responsibility programme. As part of the Pénz7 programme, I have been delivering educational lessons in numerous schools (primary and secondary) for several years. It is in these areas that I am best placed to support my mentee.

In 3 words, I'm: Success-oriented, compassionate, persevering

Giving my student self advice: Always believe in yourself, and see through whatever you've set out to do.

Outside of work, I'm passionate about: As I'm bringing up children, I don't have much free time, but I'm very keen on water sports (jet-skiing, motorboating, sailing). If I have time, I'd like to take them up.

How I can support you

- Academic support
- Industry insights
- Knowledge and skill-building
- Career planning
- Networking

Attila Bánfi

Managing Director of the Global Markets Directorate,
OTP Bank Nyrt.

Get to know me

I have more than 25 years of international professional experience, and I joined OTP Bank 12 years ago. I currently serve as Managing Director of OTP Global Markets and Head of the Global Markets Tribe. My responsibilities include overseeing all of the OTP Group's financial market activities, including investment banking and investment services, asset management, private banking, and relations with financial institutions. I serve as Chairman of the OTP Group's Investment Committee. Since 2021, I have been Chairman of the Board of Directors of OTP Asset Management, and since 2019, I have also been a member of the Supervisory Board of the Budapest Stock Exchange.

In 3 words, I'm: Strategic, consistent, results-driven

Giving my student self advice: Might not be fashionable, but study the theory, the practice you will be taught

Outside of work, I'm passionate about: Outside of work, I enjoy exploring different cultures, continuous self-development, and outdoor activities that help me stay focused and energized and spending quality time with my family.

Imre Bertalan

Head of Human Resources, OTP Bank Nyrt.

Get to know me

My name is Imre Bertalan and I am the Head of HR at the OTP Group. I have been working at the OTP Group for 15 years, initially as the Chief Executive Officer of one of our foreign banking subsidiaries and, since 2017, as the Head of the Human Resources and Organisational Development Directorate. On the one hand, I have professional banking knowledge based on practical experience; on the other hand, I understand and recognise the human side of banking as well.

Annamária Erős

Head of the Banking Group Governance Model and Programme Management Department, OTP Bank Nyrt.

Get to know me

Dear Mentee, the team I lead consists of nine people and covers two areas. Three colleagues are involved in managing large-scale banking programmes, which are typically not IT-focused. The other colleagues are responsible for developing the bank's group management model. This means we have the opportunity to work on some very exciting topics. I also graduated from Corvinus University of Budapest, where I obtained my BA in Applied Economics in 2009; I then went on to complete two MSc degrees concurrently, one in Finance and the other in Marketing. Since 2012, I have worked continuously in the banking sector, where I had the opportunity to lead major digital projects within a project office; subsequently, as a product developer, I focused primarily on lending, and I have been working at OTP for six years, the last three of which as a manager.

In 3 words, I'm: Positive, structured, open-minded

Outside of work, I'm passionate about: Travelling
